PHYSICAL AND NEGLECT: CHILD ABUSE INJURY RECONSTRUCTION TECHNIQUES

A One-Day Training Seminar Presented by John E. Reid & Associates.

The only class of its kind in the country.

This new one-day training program is focused on
non-accidental injuries inflicted on children.

For 2008, John E. Reid & Associates and Robert Farley present an intensive one day training seminar that will focus on non-accidental injuries inflicted on children. The seminar will emphasize the specific techniques that can be used by the investigator in the assessment, investigation and reconstruction of cases involving soft tissue injuries such as bruises, lacerations

and burns. In addition, the various weapons utilized by the offender in child abuse situations will also be identified and discussed. The seminar will also address the circumstances and evaluation of deprived and neglected children. Lastly, the curriculum offers case illustrations that encourage hands on participations by the student.

Robert Hugh Farley M.S.

Robert Hugh Farley MS, a 30-year veteran of the Cook County Sheriff's Police Department in Chicago, Illinois, presents this eye-opening seminar. As a highly decorated detective, unit commander and deputy United States Marshal, Detective Farley has had over 28 years experience conducting and supervising all aspects of child abuse investigations—from sexual abuse to child homicide.

As an internationally recognized expert, consultant, author and instructor in child abuse investigation techniques, Detective Farley has conducted training seminars for tens of thousands of police officers, attorneys, teachers, social workers and other professionals. He has conducted hundreds of training seminars on behalf of the U.S. Department of Justice, the FBI and the National Center for Missing and Exploited Children in 49 of the 50 states. As an international consultant for INTERPOL he has also conducted training seminars in 22 different countries around the world. Pursuant to federal litigation Mr. Farley was retained by the Illinois, DCFS as an expert in the investigation of child abuse.
