- The role of juvenile court vs. criminal court
- Soft tissue injury assessment
- Neglect child abuse injury reconstruction
- Physical child abuse dynamics
- Dealing with the issue of "criminal intent"
- The role of the physician, the emergency room and the paramedic
- Interview themes for the abusive and the non-abusive caretaker
- Child abuse weapon identification
- Bruise and wound configuration assessment
- Abuse injury comparison studies
- Identification and recovery of physical evidence
- Open and closed soft tissue injury reconstruction
- Soft tissue injuries from hands, belts, cords and other household implements
- Reconstructing wet and dry burns
- Recovering evidence with a consent to search vs. a search warrant
- Child abuse homicide and death investigations

DAY 2

INVESTIGATING COMPUTER FACILITATED CRIMES AGAINST CHILDREN

The Internet has become the new schoolyard for child molesters seeking girls or boys to victimize. Day two of this program will illustrate the growing problem of sexual predators that target children via the Internet and cell phones. The seminar will identify and then discuss the methodologies and seduction techniques employed by the child molester in the various chat rooms, social networking sites and on the World Wide Web.

TOPICS

- Historical background of child sexual exploitation.
- The evolution of the online child exploitation problem that began in 1997 thru today.
- The progression of child pornography from Polaroid photos, to camcorders, to digital cameras, and beyond.
- The use of the computer, cell phone text messaging and the Internet in child sexual exploitation.
- Web-cams, chat rooms, IM's, file servers, and the Internet Relay Chat (IRC).
- Web page dangers for children involving myspace, youtube, facebook, livejournal, xanga and the online gaming sites.
- Executing child molester search warrants and utilizing "online" consent to search forms.
- Awareness of fundamental computer hardware, technology and terminology.
- The situational child molester, the preferential child molester and the online child sexual predator.
- Interviewing techniques and questions used specifically for the "compliant" online child abuse victim.
- The child molester's online and cell phone seduction / grooming techniques.
- Child molester collections: child pornography, trophies, and child erotica.
- Illustrations of law enforcement's reactive and proactive – undercover response to the online problem.
- Interrogation techniques and themes used specifically in online child exploitation investigations.
- Combating classic and evolving child predator defenses and testifying in online child exploitation prosecutions.

Robert Hugh Farley M.S.

Robert Hugh Farley MS, a 30-year veteran of the Cook County Sheriff's Police Department in Chicago, Illinois, presents this eye-opening seminar. As a highly decorated detective, unit commander and deputy United States Marshal, Detective Farley has had over 28 years' experience conducting and supervising all aspects of child abuse investigations — from sexual abuse to child homicide.

As an internationally recognized expert, consultant, author and instructor in child abuse investigation techniques, Detective Farley has conducted training seminars for tens of thousands of police officers, attorneys, teachers, social workers and other professionals. He has conducted hundreds of training seminars on behalf of the U.S. Department of Justice, the FBI and the National Center for Missing and Exploited Children in 49 of the 50 states. As an international consultant for INTERPOL he has also conducted training seminars in 22 different countries around the world. Pursuant to federal litigation Mr. Farley was retained by the Illinois, DCFS as an expert in the investigation of child abuse.
